Existentialism – All Drafts
By Shomit Sirohi

The way to understand Time, Temporality and Arcs within Arcs and dominant Sketches and Arcs is in fact the process of being-there unfolding in time – against Heidegger's conception of Time as horizon for Being, we have Being as a Horizon for Time – the reversal of existence being the basis of time which is a materialist notion.

It means Time is developing in Existence.

Part I

I. Collective Typology

II. Individual Intervention

III. History, Historicality and Historiology – Opening into Time's Arc

IV. Being-there as a function of Mathematics

Part II

I. History

II. Integrated Method

III. Plans of Time

One plan of time – a sketch of long history.

Second plan of time – A Arc.
